DANCE PROJECT

**ELITE DANCE PROJECT 2020-2021 INFORMATION PACK
COMPETITION TEAM**

COMMITMENT

The Elite Dance Project competitive team is a commitment, both financially and time-wise, and every dancer (and parent) who chooses to participate must be ready to commit to the team and the work required. The competition team is similar to a sports team where the players depend on each other to work hard and be present. Each dancer must be physically and mentally present at each practice to be fair to the other dancers, instructors, and themselves. Commitment levels vary across teams.

BEHAVIOR EXPECTATIONS

Dancers will be expected to focus and give 110% in every practice. Positive attitudes are essential! Dancers will be learning new and challenging choreography and technique, positive attitudes will help each dancer to achieve their goals. All dancers must work as a cohesive team, which means holding their team members and instructors in the highest regard.

PARENT EXPECTATIONS

When parents and teachers work together, children tend to perform better in class and at competition.

- Recognize teachers' commitment. The teachers' commitment involves many hours of preparation beyond time spent at rehearsals and competition.
- Establish positive contact with teachers. Let the teacher know that you want your child to have the best experience possible. Ask if there is any way you can help. Getting to know the teacher and establishing a positive relationship will make it much easier to talk later if a problem arises.
- Show appreciation. When teachers do something you like, let them know about it. Teaching and creating choreography for competition is a difficult job, and most teachers hear from parents only when they want to complain.
- Don't give instructions during a competition or class. When your child is practicing at home, keep them on the right track, but leave the corrections for the teacher during the next class.
- Be positive with your child!
- Support the entire team. Praise all the dancers from your child's school. Let them know when you think they do something well.
- Encourage other parents to respect the process. Show respect for other schools and their teachers, and encourage other parents to do so as well. If a parent begins to berate another school or teacher, gently say, "Hey, that's not the way we do things here."

ATTENDANCE

There are no refunds or credits for missed practices.

Competition dancers are not allowed to miss class, attendance is mandatory to be able to succeed and progress. However, illnesses and sickness does occur.

If your dancer is INJURED please email the studio informing us about the injury as well as having the student come in and take notes of what is being taught in class.

If your dancer is ILL please email the studio informing us about this illness. Please do not come if they are contagious, as we do not want to spread germs in our studio.

Discipline is key. Do not allow dancers to miss a rehearsal. If they have made the commitment to be a part of the team, then they need to understand that not participating in a scheduled rehearsal lets the team down. Once a dancer is allowed to miss rehearsals, others will consider it okay to do so too and it will bring down the positive atmosphere of the entire rehearsal. Do not make exceptions, especially not for the most talented dancers.

The process of cleaning the choreography is one of the hardest and most important parts of rehearsals. Dancers tend to be less enthusiastic when it comes to cleaning because of the repetition involved. Dancers should be expected to dance full out every time. There is nothing worse than trying to clean choreography on lazy dancers. Also dancing full out builds the stamina a dancer needs for a good performance.

The cleaning process is never done. There are always ways to improve a dance.
